

Death, Natural, Accident, Homicide or Suicide

- Call for the Principal
- Send for the School Nurse and School Resource Officer
- Remove all other students from the area
- Note all details of the event and give them to the police/school resource officer and the Principal
- Stay with your assigned students and help them to remain calm. When the counselors arrive, follow their instructions and help the students process the experience
- Return students to their assigned areas only after being told to do so by the Principal and/or his designee
- Identify students needing further counseling and refer them to the school counselors
- Return any of the victim's personal belongings to the Principal for disposition or return to the family
- Seek counseling and support for yourself
